➤ WEB DEVELOPMENT INTERN

Diston Infotech – 4 Months Internship
Sep 2024 – Dec 2024

- Assisted in developing responsive web pages using HTML, CSS, PHP and JavaScript.

- Gained hands-on experience in frontend development and basic API integration.
- Collaborated with senior developers on client projects and bug fixing.

➤ FULL STACK DEVELOPER INTERN

Lensroom, Delhi – 5 Months

Internship(Remote)

June 2024 – Oct 2024

- Developed and maintained booking and service modules for a photography platform.
- Worked with Node.js for backend logic and React.js for frontend templating.
- Integrated dynamic forms, user authentication, and appointment scheduling features.
- Improved UI/UX using responsive design techniques and Bootstrap.

➤ WEB DEVELOPER (FRESHER)

Subham Infotech – 6 Months Experience

Oct 2024 – Mar 2024

- Worked on full-cycle development of client-based websites using Laravel.
- Handled database management, REST API integration, and deployment tasks.
- Designed and developed the full-stack eCommerce website for Giftaush, including product management and user authentication using Laravel.
- Built the complete software for SSV Microfinance, with secure admin panel, loan tracking, customer onboarding, and repayment management system.
- Integrated backend logic using Laravel, and created clean, modular code for scalability and maintainability.
- Implemented relational databases using MySQL for data-driven modules (e.g., user data, transactions, product inventory).
- Designed responsive and interactive UI using Bootstrap and custom CSS to ensure a smooth user experience across devices.
